RE: Green Bay Packers Bribery charges.

Dear District Attorney Zakowski:

As a former Wisconsin State Legislator and avid Brett Favre and Green Bay Packer fan, I have been asked by thousands of people to write this letter to you.

We, the honest and decent citizens of the State of Wisconsin, request that you, the Chief Law enforcement Officer of the County where the Green Bay Packer offices are located, open a public investigation into the public bribery charges that are being discussed hourly in the American National television media and unfortunately inside the Packer offices and in disgust by fans in the stands at the Packer Training camp.

In my capacity as a former Wisconsin State Law Maker who loves the Packers, and as the current creator and editor of www.FavreFootball.com, and as an unofficial yet outspoken activist and representative of hundreds and thousands of packer fans, shareholders and tax payers who want Brett Favre Back, we officially request that you immediately investigate these known bribery charges that may include a \$20 Million bribery pay off to Brett Favre to never play football again, allegedly made to Brett and his Attorney/Agent James "Bus" Cook by Green Bay Packers President Mark Murphy in Mississippi at the instruction of Packers General mis-manager Ted Thompson. Kindly work with the Mississippi Attorney General and local District Attorney where this crime was committed, but please make sure the trial takes place in Brown County. Kindly announce today that you will proceed quickly in this matter.

Packer fans have witnessed the largest mis-manangement of any professional sports team in American history lately, we all know about it, but this recent ethics and legal and moral violation by the Green Bay Packers General Mis-Manager Ted Thompson and President Mark Murphy is unacceptable and the last straw and must be publicly dealt with by the appropriate Law enforcement officials. That is your job. Good luck.

Thank you for your immediate attention to this important matter. I have four young children, two sons who love sports, and there is no parent in America who agrees with the concept of showing our children that getting paid NOT to play is their future. These unethical and misguided criminals must be arrested and prosecuted to the fullest extent of the law. Thank you.

Best,

Bill Lorge
